# FROM CONCEPT TO REALITY

Blue Snow Inc. is an independent manufacturing company. We specialize in sustainable harvested and crafted wood products such as furniture, wall paneling and architectural elements.

For us, it's fundamental to be involved in the production of socially beneficial designs. Our goal is to provide a holistic service for commercial projects. We take into consideration our environmental impact and current market needs. To bring our client's vision to life is our team's passion. Through us you have the ability to manufacture your own designs, utilize design services or purchase made to order furniture. Our human resources include, business professionals, industrial designers, craftspeople and steel fabricators.

The unity of our mental and manual labor works towards your design requirements, human factors, time line and budget, while providing professional customer service. We look forward to developing long lasting and successful business partnerships.

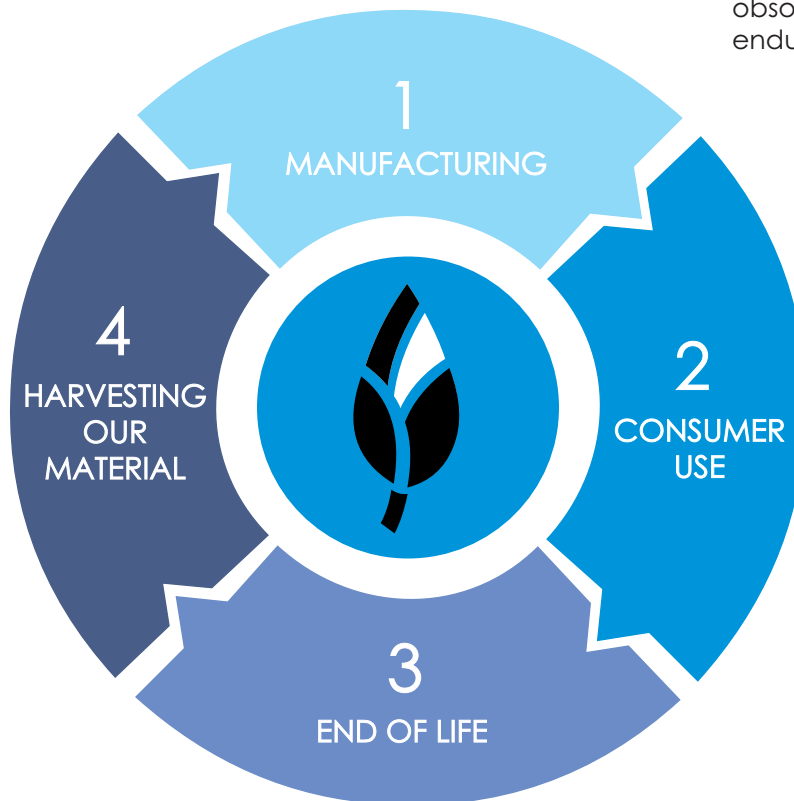

# PRODUCT LIFE CYCLE

## 1 MANUFACTURING

Our manufacturing facilities use 20% solar electricity and 80% hydroelectric. Glues, sprays and finishes are all water based.

## 2 CONSUMER USE

Products are made to have long life spans. They are durable and require very little maintenance. These products are the antithesis of planned obsolescence. They are made to endure not break down.

## 4 MANUFACTURING

Our wood is harvested from natural disasters. New wood used in products comes from trees that naturally died. Some materials are harvested when our previous products reach their end of life stage.

## 3 END OF LIFE

We guarantee some products for life. The moment a consumer wishes to dispose of our product, we encourage them to return them to us to be made into another useful product of equal value. Our products are designed for disassembly. Repurposing materials requires very little time and energy.

# WALL GRAPHICS

Bastyr University Graphic Wall  
Concept by: Blue Snow Inc.

## INTRODUCTION

Blue Snow Inc. offers fabrication and design services using sustainably sourced woods. Our mission is to bring your vision to life. We create original Wall Graphics by combining the use of salvaged woods, etching techniques and printing services.

Whether using your design, helping you create an original or developing a full concept, we are involved in the entire process. Concept creation, fabrication and installation are done in-house. The following are some examples of our work.

# BASTYR UNIVERSITY

## Tribute Mural

Designed by:  
Blue Snow Inc.  
Fabrication and Installation:  
Blue Snow Inc.

As part of the donor incentive program, Bastyr University wanted a living mural that communicated their main causes and honored contributors. Working closely with the team at Bastyr, together we created a living mural that successfully embodies the university's mission and honors major contributors. Using sustainable sourced steel and hardwoods, this mural was developed with expansion in mind as contributors are added.

# UNIVERSITY OF WASHINGTON

## Donor Recognition Block Wall Graphics

Designed by: Megan Kitagawa  
Senior Graphic Designer for University of Washington  
Fabrication and Installation: Blue Snow Inc.

The University of Washington refurbished their Paper and Stationary building. Part of the concept for this project included the use of beams reclaimed from the building. We processed the lumber, printed and installed their design. The finished donor wall measures 24' by 6' and weighs more than 1,500 pounds. Our company received The Silver Award from The Council for Advancement and Support of Education for the planning and execution of this project.

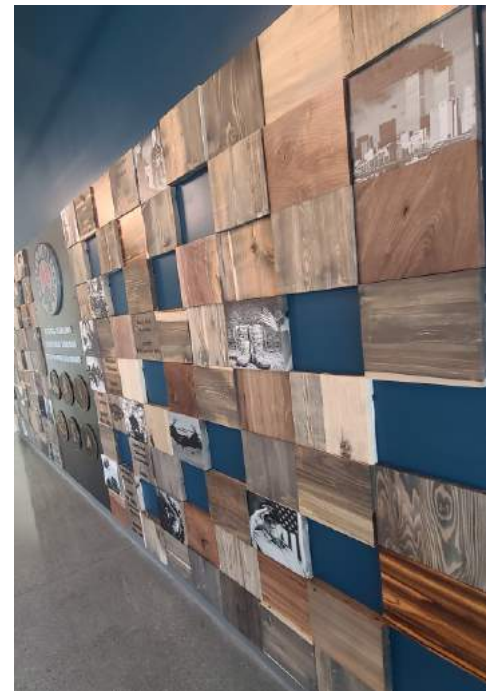

**PLATOON 22**  
 Honoring Those who Served  
 Designed by:  
 Blue Snow Inc.  
 Fabrication and Installation:  
 Blue Snow Inc.

This wall graphic was created in memory of all those who have served before us. Each block is made up of a variety of 100% sustainably sourced hardwoods. Once it was installed and showcased the overall theme was to bring to life those who support veterans, veteran families, and their dreams after service.
